## FIRST TRENCH RAID OCCURS AT CAMP SHERMAN

Live Bombs, Hand Grenade and Trench Knives Were Used.

CARRIED OUT EXACTLY AS CONDUCTED ON BATTLE FRONT

Army Club for Selective Service Men Opened This Afternoon.

(ASSOCIATED PRESS TELEGRAM) Camp Sherman, Chillicothe, Ohio, April 6.—Under the watchful eye of Major General E. F. Glenn, who recently returned from the battle front in France and nearly two score of other high officers of the division, Ohio and western Pennsylvania troops last night carried out what was said to be the first trench raid in America under actual conditions of modern warfare. Forty-two commissioned officers in a class of trenching under First Lieutenant H. B. Selby, division bombing instructor, protected with trench mounds and machine gun barrages, raided a section of German trenches here, their object being to destroy a Hun mine-worfer.

Live bombs with a killing radius of 200 yards, rifle grenades and trench knives were furnished the attacking party of officers who wore the regulation "tin hat" issued to the troops on the western front.

The party was given ten minutes to accomplish five things. It was to inflict casualties on the enemy, to obtain prisoners, to damage machine gun positions, to acquire information and to weaken the morale. The Hun trenches were peppered with dummies. Rockets signalled the raiders to withdraw, while five minutes later a terrific explosion gave evidence of the demolition of the mine-worfer emplacement, time charges having been placed.

The observing officers and correspondents witnessed the entire operation from a knoll one hundred yards from the point of attack. At the beginning of the attack, the Hun trenches were peppered with dummies. Rockets signalled the raiders to withdraw, while five minutes later a terrific explosion gave evidence of the demolition of the mine-worfer emplacement, time charges having been placed.

After several months of preparation the Army Club for selective service men will be opened this afternoon to the members of the division and the general public. The structure which was remodelled at a cost of several thousand dollars, contains a well appointed ball room which will be used for dances for the select, a ladies' parlor and two large game rooms on the second floor, a bowling alley, barbershop and a soda water fountain on the ground floor and a library, reading room and writing room on the third floor. The only requirement for admission is that a man wear khaki.

Five organizations were quarantined today and a like number released from isolation forscapet fever.

These quarantined were reported as follows: Battery A, 324th heavy field artillery, company B, 348th engineers; company 29, fifth training battalion, headquarters detachment, 158th depot brigade; company C, 348th ammunition train.

The units released from quarantine were: company A, 331st infantry; battery C, 322nd light field artillery; battery E, 323rd light field artillery; supply company 324th heavy field artillery and company F, 308th engineers. The last named unit was put back in quarantine at once when another case was discovered.

## IRISH CONVENTION WILL REPORT TO THE GOVERNMENT

(ASSOCIATED PRESS TELEGRAM) London, April 6.—The question of Ireland's future has reached a crucial stage with the announcement that the Irish convention has finished its work and to the government. While it is not permitted to reveal the nature of this report and the general work of the convention is well known to public men in England and Ireland. Premier Lloyd George declared when the convention was organized that it agreed upon any plan for a government its plan would be embodied in a bill and placed before parliament. Whether a mere majority report in favor of some home rule plan, if such a report is presented by the convention, will be considered an agreement warranting legislation based on it remains to be seen.

Premier Lloyd George also strongly intimated that the government might proceed to a settlement of the Irish problem by legislation even if the convention failed to find some ground for settlement, "by consent." Therefore, new Irish developments are expected in the near future, although the first business before the government must be in dealing with urgent war measures, chiefly that of increasing the army.

## "BUY BONDS" IS THE SLOGAN OF ALL SPEAKERS

Third Liberty Loan Has a Most Auspicious Start Over Country.

PRES. WILSON TAKES PART IN PROGRAM AT BALTIMORE

Indications Many Millions Will Be Pledged Before Night.

(ASSOCIATED PRESS TELEGRAM) Washington, April 6.—One year from the day the United States entered the world war, the nation started collecting today \$3,000,000,000 from its citizens as the third Liberty loan to finance the fighting. It was a day of patriotic celebrations, of parades of soldiers, sailors and civilians marching together to symbolize the important part each must play in winning the war. "Buy bonds"—This was the plea uttered by hundreds of public speakers to the multitudes of men and women who must furnish the financial and material sinews for the military and naval forces. Subscriptions began to roll in early, and indications were that many millions would be pledged before night, despite the fact that in many cities the day was given over to the celebration rather than to bond sales.

President Wilson was the principal speaker on the day's program. He is to go to Baltimore for an evening address of unusual importance, concerning the big part American armies are about to play in France, and other international phases of the war situation.

Secretary McAdoo went to Philadelphia to speak at the unveiling of a Liberty statue and to review a parade of seven thousand marines and soldiers and 1200 young women singers. Vice President Marshall was to speak at St. Louis and Secretary Daniels at Cleveland.

The official opening hour of the campaign was nine o'clock, local time. Scores of small communities had promised to raise their full quotas of subscriptions within a few hours and with the right to fly the third Liberty loan honor flag.

Early mails received at the treasury contained a number of letters and checks with the request to be sold the first Liberty bond. All could not be satisfied, but each was given "one of the first."

## TO INVESTIGATE EVENTS LEADING UP TO LYNCHING

(ASSOCIATED PRESS TELEGRAM) Collinsville, Ill., April 6.—The coroner of Madison county today applied for warrants for the arrest of five men whom he had been informed were in the mob that lynched Robert Justice, early Friday morning. Four justices of the peace refused to issue warrants.

The four justices gave as a reason for refusing to issue the warrants that "they did not care to get mixed up in the matter."

One of the justices yesterday was surrounded by men in a saloon and asked to sign a pledge of loyalty. He complied.

Coroner Lowe said he would ask the state's attorney to issue the warrants and that he thought the five men desired would be under arrest before night.

(ASSOCIATED PRESS TELEGRAM) Collinsville, Ill., April 6.—William E. Trautmann, first assistant to Attorney General Brundage of Illinois and Colonel Claude Ryan, representing the adjutant general's office, began an investigation here today of the events leading up to the hanging by a mob Thursday night of Robert P. Prager, a German charged with making disloyal utterances. This followed a declaration by Governor Lowden that members of the mob must be prosecuted.

Inquest over the body of Prager is set for next Monday, a jury for that purpose having been secured yesterday. At that time a report on all investigations now under way by federal, state and county authorities will be made and warrants for the arrest of the participants in the demonstration may be issued.

Governor Lowden has issued a warning to officials in this district in which he stated that a recurrence of the present situation probably will result in a proclamation of martial law in answer to this warning several cities have taken precaution to curb demonstrations against alleged disloyal persons. Mayor Hotz of Edwardsville, the county seat of Madison county declared he knew personally that an organization in his city intended to tar and feather alleged pro-Germans during a Liberty loan celebration today but asserted he had sworn in fifty deputies to maintain order.

HULL OF GOVERNMENT STEAMER LAUNCHED

Toledo, O., April 6.—The hull of the steamer, Lake Cayuga, built here for the government, was launched today. The ship is 261 feet long and of 3500 tons deadweight capacity. It will be taken to the coast. One ship is being completed here each month for the government.

## WHERE HOMES ARE CRUSHED BENEATH THE HEEL OF WAR

Remains of small village in the war-torn fields of France.

This view of a section of the Somme battlefield as it appeared two years ago after the successful drive of the allies on the Hindenburg line gives a clear picture of the region in France that has been devastated by the fighting armies. Little more than this stands of the many small French towns throughout the region over which the Germans recently advanced.

## NEXT WEDNESDAY IS TO BE CELEBRATED BY PEOPLE OF COUNTY IN MONSTER MEETING TO LAUNCH THE THIRD LIBERTY LOAN

Wednesday, April 10, is to be made the biggest holiday Newark has ever known and every man, woman and child who has the interest of his country at heart will turn out on that day to give impetus to the launching of the third and largest campaign for the sale of Liberty loan bonds in Newark and Licking county.

Now is the time when the fervor of enthusiasm and faith in the ultimate victory should bring every man and woman in the county to a realization of the immediate need of getting back of the fighting force of the country, and with the money of the county invested in bonds and war certificates, building a wall which shall prevent their ever being forced back. The people of the county should respond with an enthusiasm which will put it first in the standing of loyalty and service.

The afternoon of Wednesday from 12 o'clock noon will be a holiday, and every business concern, every industry and every manufacturing has been asked in a proclamation issued by the mayor to close down so that every employee will be on hand to swell the throng which will ultimately swell the Liberty loan campaign quota.

The campaign will open with a

blare of brass and the boom of drum, for at 8:30 o'clock the big booster band from the Great Lakes naval training station will arrive in Newark over the B. and O. railroad. It will be met at the station by the Old Guard in full uniform acting as an escort of honor, and be escorted to the Second Presbyterian church for breakfast, which will be served at 9:30 o'clock.

Following breakfast 20 autos will meet at the church to take the visitors around the city and, to the Moundbuilders Country Club, after which luncheon will be served at the Second Presbyterian church.

At 12:45 o'clock the big parade will be formed in First street, between Church and East Main street, with the right of way on Main street.

The following line of march has been arranged: West on East Main street to Second street, then north to the north side of the square. From there they will go west to Third street, thence north to Church, and west on Church to Fifth street South on Fifth to West Main and east on West Main to the square then around the south side of the square to Second street and then north disbanding at the Auditorium theater.

The parade formation will be: Auto carrying out of town speak-

ers, also Messrs. W. C. Metz, E. C. Wright and H. F. Moninger.

Squad city police.

Old Guard, escort to government band.

Government band.

Soldiers from Camp Sherman.

Boy Scouts.

Uniformed organization, such as K. of P., W. M. of A., Knights Templar, Knights of St. John, etc.

Township captains and chairmen of war work committee.

All secret organizations not in uniform such as Masons, Eagles, Elks, Moose, Knights of Columbus, Rotary Club, Woodmen, labor organizations, and any other organized bodies not mentioned.

Public school children.

After disbanding of the parade, the big demonstration will take place in the Auditorium theater. Addresses will be given by John Burke, U. S. treasurer, Miss Emma Brewster of Kansas industrial commission, and Julian H. Brown, back from the battle front. Mr. Burke will also present the medals to the Boy Scouts won in the last Liberty loan campaign.

The local speaker will be Rev. L. P. Franklin and H. F. Moninger will preside over the meeting.

The invocation will be delivered (Continued on Page 2, Col. 1.)

## GERMANS AGAIN HEAVILY ATTACK FRENCH TROOPS

(ASSOCIATED PRESS TELEGRAM) With the British Army in France, April 6.—Another heavy attack by the Germans in the drive for Amiens appeared to be under way at an early hour today. At 5:30 o'clock this morning the enemy was reported to be advancing in waves near the Vaire wood, which lines in the Somme valley, east of Corbie.

The strong hostile assaults which were made in this region yesterday resulted in the pushing back somewhat of the defending line south of Hainaut wood. Elsewhere the Germans were repulsed with severe losses.

## PRESIDENT WILSON RELEASES RYAN; WAS IN DYNAMITE CASE

(ASSOCIATED PRESS TELEGRAM) Washington, April 6.—President Wilson has decided to commute to expire at once the prison term of Frank M. Ryan, formerly president of the International Union of Structural Iron Workers, now in Leavenworth penitentiary. Ryan was convicted in the "dynamite conspiracy" and his term ordinarily would expire July 20, 1919.

Ryan was one of twenty-four out-growth of the sensational McNamara case and the dynamiting of the Los Angeles Times building. The president already has commuted the terms of four of the men sentenced with Ryan and the terms of all three others have expired.

Repeated efforts have been made for commutation of all the sentences.

## LABOR SLACKERS WILL NEXT BE PUT TO WORK; NEW PLAN

(ASSOCIATED PRESS TELEGRAM) Washington, April 6.—President Wilson had before him today a plan submitted by officials of the war and labor departments designed to use the machinery of the draft to put industrial slackers to work. Although the president's attitude toward the proposal, which would affect, in one way or another, the status of every one of the millions of registered men, has not been indicated officially, it appeared confident that he will regard it favorably.

The main purpose of the new program, as agreed upon by the provost marshal general's office and labor department officials, is to "purify" the second, third and fourth classes of registrants who are not engaged in productive industry, but the lower section of Class One is given attention.

Framers of the plan see in its working a solution of the nation's labor problem and a large increase in the production of the necessities of life.

The proposal provides for a survey of the lower sections of Class One and other classes to identify idlers or those getting their living from undesirable or "harmful" pursuits such as gambling.

## FEROCIOUS FIGHTING IS CONTINUED ALONG THE NORTH SOMME SECTOR

BRITISH POSITION IMPROVED AND REPEATED ATTACKS BY GERMANS WERE NOT SUCCESSFUL AND THEY WERE DRIVEN BACK WITH GREAT LOSS.

## HUN TROOPS MAKING GREAT EFFORT TO BREAK THROUGH ALLIED LINES SO AS TO GAIN AMIENS

French Commander-in-Chief, General Foch, Declares Boche Tidal Wave is Broken; and Expresses Greatest Confidence in the Future—French Resistance in Furious German Onslaught Most Remarkable and Latter Sustain Heavy Casualties—Number of Prisoners Have Been Taken by the British.

(ASSOCIATED PRESS TELEGRAM) London, April 6.—The British position south of the Somme was improved to some extent by a counter-attack delivered in the neighborhood of Hangard late yesterday, according to today's war office announcement.

Along the whole front below Ayelette, the sector north of the Somme, the struggle continued with violence until late yesterday evening. Although the Germans made incessant attacks they met with no further success than attended their efforts in the morning.

The Germans at daybreak this morning attacked the little town of Corbie in the valley of the Somme, Reuter's correspondent at British headquarters report. The enemy advanced in dense waves. The outcome was not known at the time the dispatch was filed.

The statement follows: "North of the Somme heavy fighting continued along the whole front south of Ayelette until late yesterday evening. The enemy constantly attacked in considerable strength but with no further success than attended his efforts during the morning."

"Local fighting also took place yesterday south of the Somme in the neighborhood of Hangard. We improved our position somewhat by a counter-attack."

The main German thrust says the correspondent, appears to be west of the Vaire wood toward the principal Amiens road.

The British improved their positions east of Fonqueville, north of the Somme, in their successful attack yesterday morning.

The weather has improved and the barometer is rising although the aviators continue to be handicapped by very poor visibility.

(Compiled from A. P. Dispatches.) Another determined German blow in the great battle for Amiens is being struck today against the British in the Somme valley, almost directly east of the city, from which the Germans at this point are about 10 miles distant.

The attack on the center of the lines comes after the check of the German left wing Thursday night in its powerful thrust at the French line between Montdidier and the Avre and the failure of the German right yesterday and last night to make more than a feeble impression upon the British positions north of the Somme.

The fighting in the southerly area has resolved itself into a violent artillery battle, following which the probabilities are that the Germans will make another effort to advance from the positions in which they have been pinned by the French. No infantry action occurred in this sector last night except on the British front just north of the Luce, at which river the French and British lines connect. The British took the initiative here and improved their positions near Hangard by a counter attack.

In the north the determined attempt of the Germans yesterday to enlarge the upper side of their salient succeeded only to a slight degree along the Ancre near Dernancourt and struck a rock ribbed British defense at Albert. It was continued late into the evening, but despite the constant attacks by strong enemy columns the enemy was unable to make any more important progress than he scored in his day time effort.

The early advances on today's fighting made it seem likely that the operation would be an important advance from Vaire wood, close to the Somme, the Germans advanced in dense waves toward Corbie.

ble laying in the narrow strip between the Ancre and the Somme, near the junction of these rivers. The advance appeared to have as its objective the gaining of the Albert-Amiens road, which runs in this sector just to the northwest of Corbie.

On the anniversary of the entrance of the United States into the war, the greatest battle in that conflict is still being waged on the fields of Picardy. With the German attack halted, the Germans are making strong but ineffectual efforts to break through the allied lines or bend them back so as to gain Amiens and complete the first stage of the advance which began at St. Quentin.

General Foch, the commander-in-chief, and under whose orders more than 100,000 American troops are ready to aid the French and British, declares that the Boche tidal wave is broken. "All is going well," he adds and expresses confidence in the future. As proof of his statement is the fact that in the past two days the enemy has made only slight gains on a 38-mile front and these have been equalized in part by Franco-British advances at some points.

French resistance broke the German storm Thursday, south of the Somme and north of the river. The British on Friday showed the same stern mettle before furious assaults. The sudden switch in the attack to a front of 20 miles north of the Somme have been made to catch Field Marshal Haig napping, but if so, the attempt was futile. As in the attack against the Franco-British front, the Germans sustained heavy casualties in their fruitless effort against the British.

Dernancourt and Albert, along the Ancre, were the positions attacked most heavily by the enemy, while a strong assault was made near Moyenneville, 20 miles north of the Somme. For many hours the enemy surged against the British line, but succeeded only in gaining a footing in the foremost trenches at Dernancourt, southwest of Albert, a British counter-attack driving the enemy from the front-line positions he had entered there. At Moyenneville the enemy was thrown back with heavy losses. Between this point and Albert in the region of Mesnil, the Germans were unable to dislodge the British from their trenches. South of the Somme, in the region of Serre, north of Mesnil, the British launched an attack and captured 120 prisoners.

In vigorous counter-attacks the French have driven the Germans from some positions north of Montdidier. At Mailly Raineval, where he made gains Thursday, the enemy was driven back. Further south, at Cantigny, the French attackers gained a footing in the northern and western outskirts of the town. On the Lassigny-Noyon sector the French also made a slight advance, north of Mount Renaud. There has been lively artillery activity here as well as around Verdun.

The end of America's first war year finds more than 1,500,000 soldiers under arms, many thousands of whom are in France. On several sectors of the fighting front, American troops are facing the foe and learning how to fight and overcome a cunning and ruthless enemy. The war expenditure has been \$12,000,000,000 for the first year. Uncle Sam's navy greatly enlarged, continues to aid the allied fleets in keeping the vital sea-lanes open against the submarines and to hold the enemy navy within its harbors.

Japanese naval forces have been landed at Vladivostok, eastern Siberia, to protect Japanese citizens and property. The landing is declared to have no connection with the possibility of armed Japanese intervention in Siberia.

## HALF HOLIDAY PROCLAMATION

In accordance with the plans for a big holiday celebration on Wednesday, April 10, from 12 o'clock noon, I, as mayor of Newark, proclaim the afternoon a half holiday, and ask that the business concerns, industries and manufacturing close at noon, and that the citizens, from every walk in life participate in the celebrations.

H. A. ATHERTON, Mayor.

## PRESIDENT NAMES WAR SECRETARIES

(ASSOCIATED PRESS TELEGRAM) Washington, April 6.—President Wilson today appointed Edward R. Stettinius second assistant secretary of war and Fred P. Keppel third assistant secretary of war.

## NEXT WEDNESDAY TO BE CELEBRATED BY PEOPLE OF COUNTY

(Continued from Page 1.)  
by Rev. Father B. M. O'Boylan and the benediction will be pronounced by Rev. L. C. Sparks.  
On the stage with the band will be the speakers, ministers, war work council and Liberty loan committee. The grand marshal of the parade will be Capt. W. C. Miller and his

A. E. WILLERT.

aids will be Messrs W. M. Morgan and T. J. Applegate. The committee on the parade arrangements is Chairman A. E. Willert, Jesse Walters, H. F. Darrow, H. B. Cohen and R. I. Davis.

Every citizen in Newark is not only invited to participate in the demonstration, but every citizen should consider it his patriotic part to participate. Mothers and fathers who have boys in the fighting ranks, wives and sweethearts, men whose advanced years prevent them from going forth to take up their place beside the boys in khaki, and the kiddies of the town who are going to shame their elders by their sacrifices for smaller sums invested in thrift stamps, into buying Liberty loan bonds with their larger savings.

All these people of the county are going to be one great united people on next Wednesday afternoon fired with but one enthusiasm, to sacrifice, boost and serve.  
It is the aim of those in charge to make the third Liberty loan campaign in Licking county a criterion of the loyalty and patriotism of the county.

## THE LIBERTY LOAN CAMPAIGN LAUNCHED IN FINANCIAL DISTRICT

(Associated Press Telegram)  
New York, April 6.—New York, the financial center of the nation, launched its Liberty loan campaign with impromptu patriotic demonstrations at midnight, nine hours before the time set for the official start and a flood of early subscriptions encouraged the committee to believe that its ambition to raise at least half of the entire loan in this federal reserve district might be attained. The district's quota, as allotted by the treasury department is \$300,000,000, or 30 per cent of the total amount desired.

Among the largest of the subscriptions reported today was \$10,500,000 from the Metropolitan Life Insurance Co.  
Numerous parades and patriotic meetings in all five boroughs were distinctive features. The largest parade, at noon, was from the financial district to the steps of city hall, where Mayor Hylan received the army of workers.

Seven American airplanes from Mineola, Long Island, will circle over Manhattan late today and drop 20,000 pieces of literature.

To prevent confusion, the committee ruled that no claims for honor or flags could be filed before nine o'clock this morning. Nevertheless, four up state cities have already sent

in their notices that they have obtained subscriptions in excess of their quotas and three of these reported that they had doubled their allotments.

**IRONTON OVER-SUBSCRIBES.**  
(Associated Press Telegram)  
Cincinnati, April 6.—Gordon Reis, in charge of the Liberty loan subscriptions for the Cincinnati area outside of Hamilton county, received a telegram at 9:05 a. m. today from Ironton, O., to the effect that Ironton had over-subscribed its quota by \$10,000. Ironton's quota was \$221,000, and the report showed Liberty loan bonds to the amount of \$231,000 as already subscribed.

## 1200 SCHOOL GIRLS DRESS AS GODDESSES OF LIBERTY.

(Associated Press Telegram)  
Philadelphia, April 6.—One of the greatest patriotic demonstrations witnessed here in many years marked the opening in Philadelphia today of the campaign for the third Liberty loan. Secretary of the Treasury William G. McAdoo was the central figure in the celebration and he was to deliver a keynote address before leaving on his tour of the country in the interest of the new bond issue.  
Mr. McAdoo also was to make a brief speech at the unveiling of the statue of Liberty erected near Liberty hall. His four year old granddaughter, Nona Martin, was to unveil the statue. A parade in which 1200 school girls dressed as goddesses of Liberty, sailors and marines, Boy Scouts and other organizations took part, preceded the unveiling exercises.

## CAMP SHERMAN BOYS ASSIST AT COLUMBUS.

(Associated Press Telegram)  
Columbus, April 6.—Battery F of the 324th Heavy Field artillery from Camp Sherman came to Columbus today to assist in the third Liberty loan campaign. The gunners pitched tents in the state house yard where they gave exhibition drills.

Columbus was almost completely plastered today with Liberty loan posters which were put up during the night. The great lakes naval band will play here Monday and John Burke, treasurer of the United States, will speak Monday night. The campaign opened last night with addresses by Rev. Frank W. Gunsoulus, noted Chicago preacher, and Samuel Untermyer, prominent New York attorney.

## \$1,500,000 WORTH OF LIBERTY BONDS SOLD 10 MINUTES AFTER CAMPAIGN

(Associated Press Telegram)  
Youngstown, O., April 6.—With \$1,500,000 of third Liberty loan bonds purchased within 10 minutes after Liberty day dawned, Mahoning county citizens this morning turned their shoulders to the task of over-reaching the county's quota of \$4,500,000, and the steady stream of victory-winning dollars that poured into branch headquarters during the early hours forecast the reaching of the \$2,000,000 mark by night. Four hundred workers volunteered to aid in the drive at a meeting last night.

## OPENING AT AKRON.

(Associated Press Telegram)  
Akron, April 6.—A monster parade and speeches by noted men of this vicinity featured Akron's opening day in the third Liberty loan drive. This city's quota is something over \$5,000,000. Leaders in the campaign anticipated little difficulty in subscribing over more than this figure.

Judge D. C. Westenhaver, federal court, Cleveland, was the principal speaker. The Summit county drive will start Monday, when former Governor Frank B. Willis and Charles E. Whitehair are scheduled to make several speeches throughout the county.

## SEC. DANIELS AT CLEVELAND.

(Associated Press Telegram)  
Cleveland, April 6.—Liberty Day in the fourth federal reserve district had a most auspicious inauguration today. Thousands of workers were in the field early to raise the district's quota of \$300,000,000, which is the same as for the second loan, while in several Ohio cities the opening was celebrated last night.

Joseph Daniels, secretary of the navy, was the principal speaker at the opening of the Cleveland campaign.

## AIRPLANES AT DAYTON.

(Associated Press Telegram)  
Dayton, O., April 6.—Airplanes soared high over the city today in the opening of the third Liberty loan campaign. At every street corner in the downtown business district women solicited subscriptions. A huge sign with various amounts marked up to \$3,500,000 the city's quota is ready to show the first day's results. The marker is in the form of a shell.

It is expected \$500,000 will be subscribed on the opening day. Four hundred bond salesmen were at work yesterday. Federal soldiers and aviators at local fields will raise big sums for the local fund.

## YOUNGSTOWN COMPANY SUBSCRIBES \$700,000.

(Associated Press Telegram)  
Youngstown, April 6.—Herman W. Hurd, treasurer of the Republic Iron and Steel company announced at midnight that his company had subscribed \$700,000. A message from G. A. R. Hall announced that the "boys of the '60's" had purchased the first bond of the \$500 denomination. Later subscriptions swelled the initial total by more than \$700,000.

## 12,000 SELECTS PARTICIPATE IN THE BALTIMORE CAMPAIGN

(Associated Press Telegram)  
Baltimore, Md., April 6.—George Creel, chairman of the committee on public information, and Aviator O. M. Bounds, had a narrow escape from injury this morning when the airplane in which they arrived here from Washington was disabled while making a landing at Pimlico race-track. Both men escaped with a slight shaking up, but the machine was so badly damaged that it cannot be used for a proposed flight over the city to distribute Liberty loan literature while the parade of national army troops is in progress this afternoon in celebration of the inauguration of the third Liberty loan campaign and the anniversary of America's entry into the war.

Aviator Bounds had brought the airplane to the earth and in his rapid run along the ground swerved suddenly to avoid a steeple chase hurdle. The machine dug its nose into the ground with such force that the rudder, propeller blade and one wing were splintered. Repairs cannot be completed before tomorrow.

## BALTIMORE, APRIL 6.—BALTIMORIANS

by the thousands early today began lining the streets along which the drafted army detachment of 12,000 men from Camp Meade will parade this afternoon in celebration of the opening of the third Liberty loan campaign and the anniversary of America's entry into the war. The procession will be reviewed by President Wilson who will tonight deliver an address at the "Over There" Liberty Loan cantonment in the fifth regiment armory, at which place he was nominated for the presidency in 1912.

The city has virtually suspended business in order that everyone may visit the spectacle and on every hand the colors of the allies fly side by side.

All plans have been completed for the entertainment and safeguarding of the president. Two battalions of the second Maryland regiment have been assigned as his escort to the reviewing stand and his guard. After the review, which is expected to last nearly three hours, the president and Mrs. Wilson will be driven to the home of a personal friend for dinner and a rest before proceeding to the armory.

## CAMP SHERMAN SOLDIERS AID SALE AT CINCINNATI

(Associated Press Telegram)  
Cincinnati, April 6.—Probably the greatest outpouring of patriotic citizens and soldiers that this city has ever seen marched to the tune of martial airs here today when the drive to the success of the third Liberty loan was formally launched.

Several regiments from Camp Sherman, several regiments of home guards, a regiment from the training school and thousands of citizens joined in the parade. Governor Cox was scheduled not only to review the parade but to march (not ride) at its head when it passed "Fountain Square" and government place. The place of honor had, of course, been reserved for the governor while Mayor John Galvin started with the parade at its head and marched the entire line of march. In the meantime thousands of workers, giving their time gratis to the great cause, circulated in every part of the city and if initial reports of sales are any criterion, Cincinnati not only will subscribe its \$20,984,800 but will go even above the \$35,000,000 subscription that was made to the second Liberty loan here.

At the Liberty loan headquarters it was given out that the first day's subscriptions would run well into seven figures but that no accurate forecast could be made as to the number of millions that would be reported.

## AMERICAN MEMBER OF STEVENS PARTY HAS BEEN WOUNDED

Harbin, Monday, April 1.—An American, a member of the Stevens' railway commission, is reported to have been wounded in street-fighting here. The Stevens commission has been granted permission by General Horvath, the Russian commander, to put a force of American operatives on construction work on the Chinese eastern railway, a branch of the trans-Siberian system.

John S. Stevens, who heads the Stevens railway commission, is the father of Supdt. Donald P. Stevens, of the Newark division of the B. & O. Railroad company, and left this country at the head of the railway commission for Russia a number of months ago.  
He has been in the heart of the revolution-torn country and the commission has faced many grave crises.

"My son," admonished the fond parent, "never allow your good intentions to grow cold." "Small chance, considering what is paved with them," replied the unregenerate son.

## 10,302 OHIOANS IN CLASS ONE TO GO APRIL 26

(Associated Press Telegram)  
Washington, April 6.—Orders from Provost Marshal General Crowder for mobilization of 10,302 of the second draft were being received today by governors of the states.

Although the orders had not been published in Washington today it is estimated that the number of men called to camp will range close to 150,000.

This is slightly in excess of the monthly quota as based on the calling of 800,000 men over a period of nine months. It indicated however, no increase in the general total for the year.

## OHIO WILL GIVE 10,000.

(Associated Press Telegram)  
Columbus, April 6.—The first movement of draft men selected wholly from class one, was ordered today and Ohio is to contribute 10,302 men in the five day period beginning April 26. The call provides that 8442 men shall be sent to Camp Sherman, Chillicothe, Ohio, 1329 to Camp Meade, Annapolis Junction, Md., and 531 negroes to Camp Sherman, Chillicothe. The preliminary announcement was made through state draft headquarters here today.

The statement issued today says that in inducting the men from class one, sequence of order number will be observed, except that the provisions regarding the deferment of men who are completely, actively and assiduously engaged in the planting and cultivations of crops must be followed.

The movement follows on one completed only this week, in which Ohio contributed 6955 men to the national army. Only a few of these, however, were from class one, as the increment was drawn as a part of the first draft.

The order is the first one to be issued providing for sending national army men in any large number to another training station than Camp Sherman, the Ohio draftee camp. It is supposed that the 1329 to go to Camp Meade will be used either to fill out a unit there or to take advantage of spare training quarters. It likewise is the first order since last fall for movement of negro select.

Each local board will be advised before April 11 of its quota in the new call, after which it will be informed as to the detailed schedule showing the date, time and route of movement.

## 3000 FROM MINNESOTA.

(Associated Press Telegram)  
St. Paul, April 6.—A new call for 3513 drafted men from Minnesota to entrain for Camp Dodge during the five day period beginning April 26, was received by Adjutant General W. F. Rhinow today from Provost Marshal General E. E. Crowder.

## CALL 5579 FROM ILLINOIS.

(Associated Press Telegram)  
Springfield, Ill., April 6.—A call for 5579 men for general military service to be moved from Illinois to Camp Dodge, Camp Dix, Camp Grant and Camp Taylor, in the five days period beginning April 26, was received by Adjutant General Dickson from Provost Marshal General Crowder today.

## KENTUCKY'S QUOTA TO BE 3396.

(Associated Press Telegram)  
Frankfort, Ky., April 6.—Kentucky's initial quota in the second selective draft, called today, numbers 3396 men, including 517 negroes. The men will mobilize at Camp Taylor between April 26 and May 1. A call for 446 automobile drivers and mechanics, to report at Indianapolis April 15 also was received.

## IOWA TO MOBILIZE 3000.

(Associated Press Telegram)  
Des Moines, Iowa, April 6.—Iowa's first call in the second selective draft, aside from the requests for aerial mechanics was received today. It orders the mobilization of 3,412 men from this state at Camp Dodge during the five days beginning April 26.

## KANSAS HAS QUOTA OF 1868.

(Associated Press Telegram)  
Topeka, Kans., April 6.—A total of 1868 men will be sent to Camp Funston from Kansas under the first call for 150,000 men under the second draft, during the five day period beginning April 26, according to information given out at the office of Charles S. Hoffman, adjutant general today.

## MICHIGAN TO SEND 6000.

(Associated Press Telegram)  
Lansing, Mich., April 6.—Michigan will be expected to send 6590 men to Camp Custer near Battle Creek during the five days beginning April 26, according to instructions received from Provost Marshal General Crowder today.

## TEXANS GET CALL.

(Associated Press Telegram)  
Austin, Tex., April 6.—A total of 7817 Texans will be sent to Camp Travis, beginning April 26, according to orders received today by Major J. C. Toward. Of these 4330 will be white men and 3487 will be negroes.

## COLORADO GIVES 1029.

(Associated Press Telegram)  
Denver, Colo., April 6.—Colorado will send 1029 men to Camp Funston, Kans., during the five days period beginning April 26, it was announced today.

## PRES. WILSON REVIEWS CAMP MEADE TROOPS

Baltimore, Md., April 6.—President Wilson arrived here shortly before 3 o'clock this afternoon and began a review of 12,000 Camp Meade troops. Tonight he will formally open the third Liberty loan campaign with a speech in the fifth regiment armory.

# The Conquerors

**BEST IN THE LONG RUN**

MAIL The Conquerors of The Road  
Hail the tires that triumphed in the bitterest struggle ever staged between roads and tires; a conflict of 4,178,744 tire miles. Hail Goodrich Tested Tires.

Hear the story of a good fight well won. One year ago Goodrich, challenging the roads of America to a test of strength, sent forth six Test Car Fleets to battle America's roads in every region of the country.

## GOODRICH TESTED TIRES

The roads did their worst. East, west, north and south, as the Test Car Fleets whirled from state to state, the teeth of the road gnawed at Goodrich Tires.

But the tires conquered with phenomenal mileage that doubled Goodrich's pride. From that test covering millions of miles, the Test Car Fleets came back with a new tire standard, the TESTED Goodrich Tested Tires.

Tested Tires mean certainty of service, proved service, and that means a lot to a tire user. It means long life in a tire, and dependability on the road, for no hidden weakness could conceal itself in that year long test of Goodrich's Test Car Fleets.

SILVERTOWN CORDS, and BLACK SAFETY TREADS, proved themselves masters of the road. The spiral-wrapped, cable-cord tire body, and the tough, close-clutch, cross-barred black safety tread defied the rough going.

Under light and heavy cars they proved themselves not for one car or one driver, or one road, but all cars, all drivers, all roads.

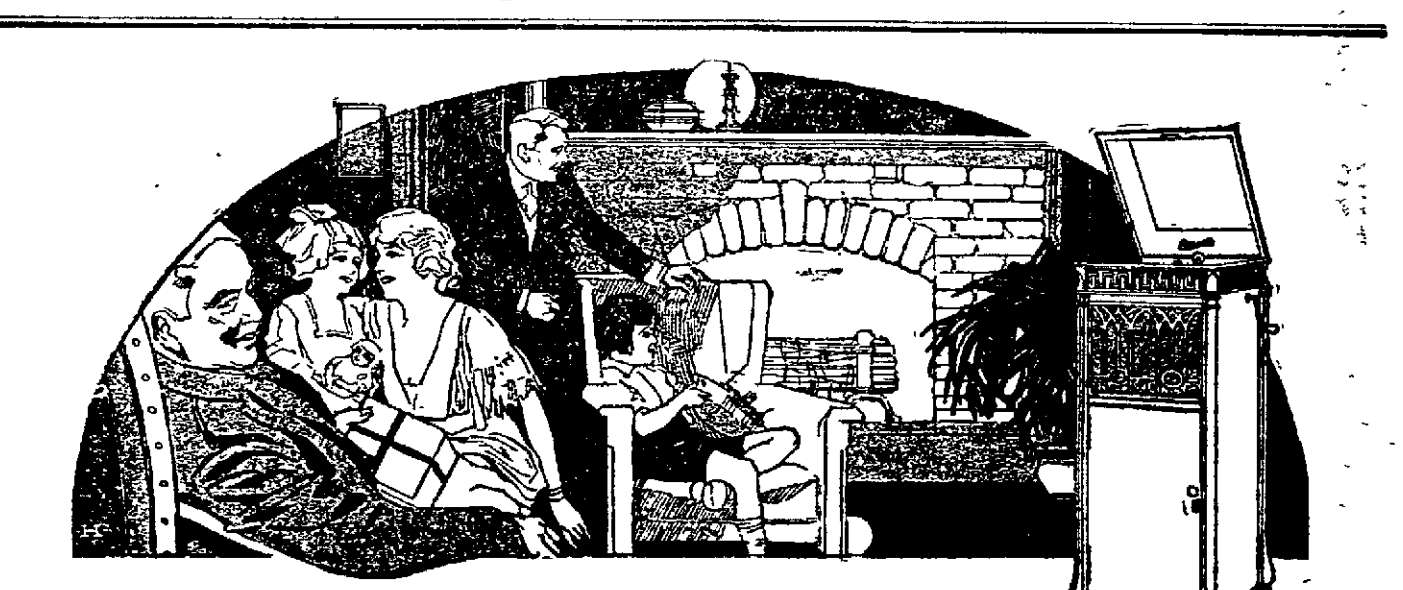

Reap the benefits of this nation-wide victory of Goodrich Tires, the sure mileage and dependability of a proven tire service, by demanding tires that won the title, "America's Tested Tires."

## THE NEW EDISON IS A VITAL FACTOR IN THE NATION'S LIFE

The New Edison is a refining influence; it really enriches the life of the family which owns it. Unlike talking machines and other devices, which merely imitate music, it actually Re-Creates the singer's voice. And it does it so faithfully that no human ear can distinguish between artist and instrument. The famous Edison tone tests have proved this to more than 2,000,000 people.

As a result one never tires of it. The novelty never wears off, any more than the novelty wears off Pagliacci, Aida or any other great opera.

Music is one of life's greatest resources. And in the New Edison you have music—the world's greatest music, interpreted by the world's greatest artists. Not an imitation, you understand, but a Re-Creation. And never was the solace of music more needed than now—in this time of stress and anxiety.

Don't figure the money spent on a New Edison as an expense. It's a profitable investment. It keeps you and your family at home where you don't spend money.

### There Is a Long Hard Struggle Ahead---Food Will Win The War

"The question of who wins the war is the question of who can endure the longest, and the problem of endurance is the problem of food supply and the ships to carry it."—Herbert Hoover.

### The World Is Short of Food---The Call Is For Wheat

Our problem is to send our Allies 75,000,000 Bushels of Wheat by May 1st. Belgian Relief must have 15,000,000 Bushels. Cuba and other neutrals, from whom we draw absolute essentials, demand 10,000,000 Bushels. ONE HUNDRED MILLION BUSHELS OF WHEAT MUST COME OUT OF OUR SAVINGS.

**Results if We Fail to Supply:---** Lorn Rhonda cables: "Unless you are able to send the Allies at least 75,000,000 bushels of wheat, I can not take the responsibility of assuring our people that there will be food enough to win the war. I am convinced that the American people, if they know the truth, will not hesitate to meet the emergency." To which our reply was: "We will export every grain that the American people save from their normal consumption. We believe our people will not fail to meet the emergency." This does not include the wheat needed by the Belgian Relief. This means

### A PATRIOTIC MEETING.

A splendid and well-attended patriotic meeting was held at the Democratic club rooms last night. B. O. Horton, the secretary, being absent, B. V. Weekley was appointed and acted as such. The speakers all discussed in an intelligent and patriotic way the patriotism of Lafayette, Wm. Roscoe, and others, leading up to the declaration of our independence and the subsequent maintenance of the principles of human liberty by Washington, Lincoln, Wilson and their coadjutors. The different phases of the present were carefully discussed and the actions of some in the United States congress were bitterly condemned.

Those taking part in the program were: O. C. Larason, Attorney C. H. Follett, M. R. Scott, Commissioner C. L. McCracken, Auditor Fred S. Wilson, John Baird and S. W. Haight.

### WAR FOR HUMANITY.

War, in a good cause, is not the great evil which a nation can suffer. War is an ugly thing, but not the ugliest of things; the decayed and degraded state of moral and patriotic feeling which thinks nothing worth a war is worse. When a people are used as mere human instruments for firing cannon or thrusting bayonets, in the service for the selfish purposes of a master, such war degrades a people. A war to protect other human beings against tyrannical injustice; a war to give victory to their own ideas of right and good, and which is their own war, carried on for an honest purpose by their free choice, is often the means of their regeneration. A man who has nothing which he is willing to fight for, nothing which he cares more about than he does about his personal safety, is a miserable creature, who has no chance of being free, unless made and kept so by the exertions of better men than himself. As long as justice and injustice have not terminated their ever-renewing fight for ascendancy in the affairs of mankind, human beings must be willing, when need is, to do battle for the one against the other.

—John Stuart Mill.

This was written a half century and more ago, but it might have been written yesterday it applies so well to today's conditions. The truth is the same yesterday, today, and tomorrow.

After playing nine innings of sunlight baseball after supper, the young crowd will never go back on the daylight-saving proposition.

The big German drive seems to be on at last, and fortunately no quicker method of eliminating 500,000 Boches has ever been suggested.

The amateur detectives are terribly indignant that the government doesn't send the police around and ask everyone if he isn't a spy.

It is surprising how the Germans have turned against poison gas since they were unable to defend themselves by making as good respirators as the allies can turn out.

That very bad boy who used to keep the whole neighborhood stirred up by the careless way he used his little air-firer, is now the proud sniper of Boches on the Lorraine front.

The men who are knitting for the soldiers are highly to be commended. Probably the soldiers that wear the things would prefer the ordinary man to do his knitting with the hoe-handle.

### WANTED—SLEUTHS!

If there are any obscure Sherlock Holmes around these parts they should show themselves right now. Never again will there be such a chance for them. If a man has born in him the detective instinct, the capacity for sleuthing out crime, the government needs him. He will have a chance to make a record for himself that will bring ample reward later.

Not merely is there an unusually large amount of crime to be traced in these war-times. But the government has all of the great force of German spies to combat.

Senator Overman, in the course of the debate over airplanes, said he believes there are 400,000 spies working in this country. It is an enormous job to watch these men and head-off their malicious efforts. They are holding up our airplane and shipbuilding work, and we must get them.

Many young men get the detective fever after reading a few crime stories and think they want to qualify as sleuths. It is not a thing that can be taught. It comes by instinct to some men. The natural place to look for this talent is on police forces. This calling attracts men who enjoy matching their wits with the underworld and who have a gift for it.

It would not be easy to analyze the qualities that make a man a good detective. According to the typical detective stories, it is an ability for observing small details closely, and making accurate deductions from known facts. The incidents in stories like the Sherlock Holmes books may be far-fetched. But the good detective has an intuition that penetrates a long distance into a mystery. No detail of life is too small to escape his intention. Every scrap of a man's belongings and surroundings reveals something about his life. Men who have this gift should offer their services to the government as they are needed on a big job.

The pacifist minister who has been sentenced to 15 years in prison will find things delightfully peaceful there.

One expects next to hear that the sheep and the rabbits have risen in revolt and are driving the Russians terror-stricken into the tall timber.

Unless a shell explodes within 50 feet of them, the visitors to the trenches feel they haven't had their money's worth.

That terrific noise in the back lots is not an army of Huns starting their spring offensive, but merely the boys of the neighborhood having the first ball game.

It is a terrible offense for the United States to commandeer the Dutch ships, but all right for the Germans to sink 'em with people on board—particularly if there are a lot of women and children.

It might be a good idea if these people with the schemes to end the war in 30 days would just mention it to the war department, and omit the customary year's notice to the Germans.

### GERMAN DRIVE.

(Columbus Citizen.)

First thing, right off the reel, the German drive AWAKENED AMERICA as this country never was awakened before.

Hindenburg may rush on through the break in British lines. The horde of Huns is forcing through rivers of blood may devastate the whole of northern France. They may level every French port. They may destroy Paris. They may drive every allied soldier out of France.

And that is ALL the war machine of Wilhelm and Hindenburg can do. The possible, but not probable, result of the German drive, would bring more horrible suffering to the brave French people, and it might even crush that gallant nation into temporary submission under the iron heel of the oppressive conqueror.

But it will strengthen England's resolve to fight on and on, bequeathing democracy's war to their children if need be.

Should the improbable happen, and the Hun stand victor over the prostrate form of France, he still will have to do what he set out to do long before he plunged the world into war. He will have to leave behind him his poison gas, his trained land fighters, his 76-mile guns, and go out upon the waters, to gain the world domination for which he became the wholesale murderer he now is.

The United States has for the first time awakened to its supreme duty and its greatest might. The Hindenburg drive through British lines has shown us that war has come to us in reality and in dead earnestness. It is as though the horrid hand of the Hun groped through the British break and clutched its bloody fingers about hunting for the throat of America. And we see the hand. We are not afraid. We are not panic-stricken. We are not quaking.

But we are more in a fighting mood now than ever before.

That Wilhelm and Hindenburg, is the fruit—the real fruit—of your "successes" in northern France. You proudly boast of "striking at the heart of France." What you did was to sound the alarm to America.

### Spirit of the Press

**Foch and German Mistakes.**  
A sketch of General Foch says that "knowing the mentality of the Germans, he counted upon their repeating in future conflicts the maneuvers that had succeeded. He also expected them to make some of the old mistakes." That was before the present war. The general no doubt now knows enough of the mentality of the Germans to count on them repeating not only the maneuvers that have succeeded, but also those that have failed. The mentality of the Germans, with their persistence in such mistakes as bombing civilians and trying to terrify the world with "frightfulness" is the mentality of the blue-bottle fly which spends its last hours attempting to buzz and butt its way through a windowpane.—Louisville Courier-Journal.

### Wheat for Our Allies.

The period of suspense through which the civilized world is passing as it waits breathlessly for the bulletins of the fighting in Picardy gives a new meaning to the appeals of the federal food administration for still more strict economy in the consumption of wheat. For many to save wheat that the people of France and England may live is all or nearly all that they can do to help in the great struggle. A little personal self-denial is all that is asked in this respect. It is far better that this should be done voluntarily and as a free contribution of patriotic zeal than that conservation should be made compulsory by means of bread cards.—Philadelphia Public Ledger.

### Nothing of Importance.

Trotsky proclaims universal military training. Bolshevik leaders at Petrograd declare that, if the German offensive fails, it will give Russia a chance to renew the war upon Germany, and "round about Odessa, the Bolshevik forces are actually fighting Germans." We can suggest nothing of importance that Russia might do, just now. However, fighting Germans improves a people's morale and Russia might go at the Teuton her little best, on general principles.—Washington Herald.

### A Swiss Navy.

That old joke about a "Swiss navy" may lose its point if the projected waterway from Lake Geneva to the sea is carried out. The proposed Rhone Canal would connect Geneva with Marseilles. From Marseilles to Lyons the Rhone river is navigable, and only the link from Geneva to Lyons is needed. The connection of the Rhone and Rhine would give the country across to the North Sea and the Mediterranean.—New York Herald.

The ups and downs of life consist largely of living up to a good reputation, or living a bad one down.

### HALF SICK, HALF WELL

**A Condition That Will Not Improve Upon Itself.**  
In the Spring the depressing condition that many call Spring fever often runs through families and neighborhoods.

This indefinite, hard-to-describe state of poor health probably means that you are thin-blooded and anemic. Exhausted thin blood gets thinner. Low vitality falls lower, poor appetite becomes poorer. Then the thoroughly exhausted system can no longer resist, and on comes the prostrating illness or serious disease.

Treat the half-sick, Spring-tired condition with that grand course of medicine—Hood's Sarsaparilla, to fortify the whole body; Peppin, to ironize and make rich red blood; Hood's Pills to rouse the liver to its regular daily duties, and the half-well revives to perfect health. Each medicine is valuable in itself but is trebly so when used in this combination.—Advertisement.

### Pointed Observations

### A "FINE GESTURE."

(Philadelphia Record.)

The French love what they call a "fine gesture," and General Pershing has delighted them with two of these. One was purely sentimental; it was his salute at the tomb of Lafayette. The other was of the most practical sort; it was his offer of all the men and material at his command to General Foch, who is now at the head of all the allies confronting the German drive.

The one serious lack of the allies has now been met. They have had men enough since the second year of the war, and munitions enough, to crush Germany and bring the war to an end consistent with the existence of civilization and the rights of nations. But, while all the armies of Germany, Austria-Hungary, Bulgaria and Turkey were under the command of Berlin, the allies had each its separate army which might or might not co-operate with the others. In the earlier part of the war it was the inevitable thing for the French army to be idle when the British were fighting and for the British to be inactive when the French were taking the aggressive. This tendency went so far that it came to be generally understood that when Russia was active there would be no news on the western front, and when the French and British were active the Russians would be resting.

Of course, this sort of thing played exactly into the hands of the Germans, who, backed at only one point at a time, could always concentrate a decisive force there. In the last two years there has been a little more co-operation, but Russia has dropped out, and the British and French commanders were not always in agreement about what was the best thing to do, and the disaster of the Isonzo was due to the fact that England and France felt no responsibility for Italy—until after the mischief was done.

We have not now a commander for all the allied armies, but this is not very important. We have a commander of established reputation and brilliant achievements over all the allied troops in France. At the opportune time he will strike with all the forces under his orders, and Germany will reel under the blow.

### SOLDIERS' LETTERS

Mrs. John Butte of 116 Jefferson street is in receipt of two letters from her sons, Chas. H., who is stationed at Cambridge, Mass., in the Harvard Radio service, and Jess Butte, with the 32nd Engineers at Camp Grant, Rockford, Ill., and which follow:

Cambridge, Mass., March 30, '18  
Dear Mother:—Saturday night, and am staying in to answer your ever welcome letter. The wind is blowing outside but that is only to be expected in March. Today was captains or rather "skipped" in.

CHAS. H. BUTTE.

He is up now and he thinks I am writing to some girl and he says, "Don't forget to tell them that you have a partner who can read any kind of hand writing and also has a sweet tooth for home-made fudge and such things like that to keep a poor gob in good spirits. So now if you know who can make good fudge and that sort of thing, just say that Richard F. Edling is the best little fudge tester there is and at present is out of a position. I would like to see him satisfied. His address is the same as mine. I am sending you a copy of the "Occulator" which is the "Radio" paper here. It has some interesting news in it some weeks and I think it is comical. On page 10, first column, you will find something about the New 3rd.

Well, mother dear, I guess that there isn't much more to say and as I can hear taps blowing outside, I will close. Write and tell brother Jesse that if he goes to New York City before going across, that I may be able to see him if he notifies me when he will be there.

Best regards to Mazy and Lillian and tell dad I said I have the best remedy for a poor appetite there is. That is spend about three months in a naval camp. I'll bet he would eat like a horse. Yours with love, Chas. H. Butte, Company 3, Craigie Hall, Harvard Radio, Cambridge, Mass.

Camp Grant, Rockford, Ill., March 17, 1918.

Dear mother.—I received your ever welcome letter and the money order also. But I didn't need it then as I got paid the night I received the letter. So I am sending you a money order for ten dollars. You see I drew a little over \$29.00 and can afford to send you some. Well this is Sunday morning and we don't have anything to do except lay around and read or do anything we want to. One of the boys back in my battery at Camp Sherman, sent me a clipping out of The Advocate and it showed where some Newark boys were in France, and Merrill Kemp was there too. I was up to Rockford, last night for the first time since I have been here. It is about four or five miles from camp and is a town of about sixty-five thousand people. I was out to the rifle range Friday and

laced and legging strings, one cart-ridge belt, one comb and hairbrush, two bath towels, one pair woolen gloves, one canteen can and cover, one new mess pit, one new pair of O. D. trousers and new O. D. blouse and many other things. Well it will only be a couple of days now until we leave here, for France I guess. But listen, I am not allowed to tell when I leave or on what boat, because you see they keep those things a secret from the Germans. Well there is only one thing I can do and that is my duty to my country, therefore will try to get rid of as many Germans as possible. Now this might be the last letter you get for a while, so don't get uneasy. If I haven't left for France by Wednesday, I will write you again. So hoping this will find you all in good health, I will close. With love, from Jess. 32nd Engineers, 4th Prov. Co., Camp Grant, Rockford, Illinois.

Co. 11, 1st Motor Mechs. Regt. Sig. Corps, March 2, 1918. American Expeditionary Forces, via, New York. Dear Wife:

This is to let you know that I am well and feeling fine and hope the same for you, father and mother and all the family. I am somewhere in France in a camp much better than Hancock. We will probably leave soon. \* \* \* Write and let me know all the latest news. Let me know how everything is going on at home. I had a pleasant trip coming over and we were well protected coming over with plenty of \* \* \* with us. I would write you a longer letter but I can't give you any information whatever. The climate here is much the same as in the U. S.

I will close saying good bye to you and all the family. My best to all my friends and tell them all that I am in perfect health and feeling fine. With lots of love and kisses, Good bye, from your loving hubby, Wesley Annarino.

WESLEY ANNARINO. Newark Boy in France.

# Spring Colds Are The Worst

They lead to catarrh and pneumonia. They weaken the entire system and leave it unable to resist the sudden changes. They interfere with your digestion and lessen your activity. Neglected they soon become that dread disease known as systemic catarrh. Don't neglect them. It's costly as well as dangerous.

## PERUNA Will Safeguard You

Have a box of Peruna Tablets with you for the sudden cold or exposure. Toss your system up with a regular course of the Liquid Peruna, fortify it against colds, get your digestion up to normal, take care of yourself, and avoid danger. If you are suffering now begin the treatment at once. Give Nature the help she needs to throw off the catarrhal inflammation, and again become well.

Peruna has been helping people for 44 years. Thousands of homes rely on it for coughs, cold and indigestion. It's a good tonic for the weak, as well.

# DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, neuralgia, croup, stiff neck, asthma, neuritis, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size \$2.50.

# SOCIAL EVENTS

SOCIETY EDITOR, AUTO 'PHONE 2812.

The members of the Woman's Foreign Missionary Society of the Nashport and Irvile M. E. church held an all-day meeting at the home of Mrs. H. E. Fleming in Nashport, Friday. Several guests were present from Newark, and an address was delivered by Rev. Mr. Turner, pastor of the church. Mrs. A. S. Mitchell, in her talk, presented the work of the district, and Mrs. Wesley Montgomery of Newark, leader, presented the plans for the group divisions. Following the program a social hour was enjoyed and dinner was served.

The Women's Foreign Missionary Society of the First M. E. church met with Mrs. E. S. Randolph, 261 West Church street, Thursday afternoon. After the business session and treasurer's report by Mrs. Paratore, the following program was given: Devotions by Mrs. Mossbrook; Reading—"The Ruler and God," prepared by Mrs. Winn, read by Mrs. Agnew; Reading—"The Ruler and God," read by Mrs. Laidl; Song by Society.

The Semper Fidelis class of the First Presbyterian church will hold its monthly business meeting, Thursday evening, April 9, at the home of Mrs. E. G. Vanatta, 164 Rugg avenue. Miss Lillian Bradley, hostess.

The Brightening Circle of the King's Daughters will meet on Monday afternoon at the home of Miss Edna Redman, 89 North Fourth street.

# Milady's Boudoir

**Improving the Hands.**  
There are two methods of giving the hands sufficient sleep. One is to allow them to lie in the lap and rest. It may be difficult to do this but it should become a fixed habit. Another way is to put them to sleep in a pair of leather gloves at least two sizes too large, like a pair of men's gloves. Before putting them on the hands should be coated with a coating of some good skin food. This sleep should be given the hands, not only when you are asleep but at any time of the day when you can find it convenient to give them rest.

This does not mean idleness for the hands, for to be healthy every member of the body must have exercise. There is a vast difference between moving them in work or exercise and the habit of fidgeting. Hands may be exercised and improved by performing housework, so long as too great a strain is not given them and precautionary measures are adopted.

For instance, there is dishwashing. The prevailing idea is that to wash dishes is to destroy the beauty of the hands. This is not necessarily so, and if the hands are properly protected there will be no ill effects from this work.

Before beginning the dishwashing, the hands and nails should be thoroughly coated with cold cream, rubbing it well into the pores. They can then be put into soapy water without fear of injury. As soon as the task is completed the hands should be carefully washed with a mild toilet soap and warm water, carefully dried and another coating of the cream rubbed in. Remove any cream that remains on the surface of the skin with a soft cloth, using considerable friction.

# Our Boys and Girls

Clothes for the children cut on good lines are the best. They must cut on practical lines, with few sections and seams, garments not only easy to make, but easy to launder as well.

Clothes cut on such lines and made of substantial material of pleasing color, neatly sewed and finished, are really the only type of clothing that stand for good dressing. More and more it is becoming hard to dress children in fussy, poorly-made clothing, trusting to ornamentation for their attractiveness.

Very often a woman sensibly selects a dress of one type for a small child and makes all the little garments by this one pattern, depending on only one "best" garment for variety. Surely this is a saving of much time and effort and, too, the elimination of fitting is a point in favor of this plan.

Always send the children forth from home with a smile and a cheerful word. Even if you feel tired, even if they have been naughty or disobedient, remember that their last look, their last word from you when they leave, makes an impression that stays with them until they return to you.

# Every Day Etiquette

"When a girl is keeping company with a young man and receives an invitation to a banquet to which she asks the man to accompany her, should the girl pay her own way and the man his?" asked Eunice.

"It is quite the proper thing for the man to pay the bill and he would probably suggest doing so. Otherwise you might get the tickets in advance and tell him of that fact when giving the invitation," answered her aunt.

Spontaneous applause is generally an outburst of enthusiasm on the part of the ushers.

Wigg—"Closest is always talking about his feats of strength." Wagg—"I'll wager nothing on earth could induce him to break a ten dollar gold piece."

Nell—"The man she is going to marry is a widower. I understand she picked him up in a department store." Belle—"At the remnant counter, I suppose."

# CHAPLAIN HOLLOWAY ORDERED TO PREPARE FOR IMMEDIATE SERVICE

Chaplain F. E. Holloway, former pastor of the Plymouth Congregational church, of the 29th Base Hospital, Denver, Colo., has received orders to be prepared for immediate service abroad. Chaplain Holloway is temporarily filling the pulpit of the above named church.

The 29th Base Hospital unit is one of the most complete units in the United States and was organized under the supervision of the medical faculty of the University of Colorado. The unit consists of 150 enlisted men, 100 nurses and they are prepared to care for 1000 patients, 75 per cent of the unit are college men.

Chaplain Holloway is to hold himself in readiness for service in France and upon the receipt of orders will join his unit at an eastern port.

# MURDERER AND WIFE HE KILLED WED IN NEWARK

CANTON, O., April 6.—A common pleas jury today returned a verdict of guilty of manslaughter against Henry Thompson for the slaying of his wife, Irene Thompson, alias Brown, last December at Massillon. They were married in Newark in May, 1915. Testimony offered showed that the revolver said to have been used in the killing was bought in Newark.

**Turkish Calendar a Puzzle.**  
According to the Mohammedan religious calendar, December 11 is New Year's day, but the Turkish financial year gives a different reckoning. Then, the Christian unbeliever and the Jewish "goy"—also have to be taken into consideration. According to the Hebrew calendar, December 11 is the first of the month of Tebet, year 5678, and this information also goes into the Turkish calendar for the benefit of the Jewish population of the empire. Christians who claim allegiance to the Greek church, numerous in Turkey, are also given a subdivision in the Turkish calendar, December 11 being their November 27, while another section gives the new style date of December 11. Arabs and Armenians are also given a line, in their own language. The combination of diverse dates makes a Turkish calendar about as mystifying as a railroad timetable.

Their engagement had just been announced. "Darling," she murmured, "you are the light of my life." "Yes, I guess I am a pretty good match," replied the complacent young man.

# Skin trouble costs many a man his job

No matter how efficient a man may be, if he has an ugly skin-eruption, there are positions in which he cannot be tolerated. **Dismiss Assault Charge.**  
The case of Ohio vs. Toby Brahm, who was arrested on a charge of assault, filed by Katie Brehm, was dismissed yesterday afternoon by Justice Bert O. Horton, at the request of the parties concerned.

**Defendant Files Cross Petition.**  
The defendant filed a cross-petition in the case of Addie L. Abbott vs. Edmond T. Abbott today in common pleas court. He says that on August 22, 1900, they were married and as the parents of two children. The defendant alleges that for the past three years the plaintiff has been wilfully absent from the defendant and that in October, 1917, she abandoned her home and two children, since that time she has concealed her place of staying.

The defendant has provided a home for the children and put the elder in the Mt. Vernon Academy, Mt. Vernon, O., and on March 15, 1918, the plaintiff without the knowledge of the principal took the child from the academy and since that time has concealed the child and her whereabouts from the defendant. The plaintiff has also sold the personal property of the defendant and a co-respondent has been named.

The defendant prays for divorce from the plaintiff and care and custody of the children.

# MORE COMPLETE POLICING OF CITY IS NOW DESIRED

The movement by Sheriff Swank for a more complete policing of the city and county is not a "home guard" movement as many persons suppose. It is a step to get an aggregation of deputy sheriffs. It is a patriotic organization and to terminate at the end of the present war. It is in no sense a permanent organization but a temporary one to take care of a situation now present on account of the war.

"The race is not always to the swift," quoted the Wise Guy. "There is a heap of satisfaction in that to the fellow who never gets there," replied the Simple Guy.

# REGULAR MEETING OF TOWNSHIP TRUSTEES

The township trustees held their regular semi-weekly meeting Friday afternoon, with Members Gutridge and Mossman present.

Three relief cases were before the trustees; all were deemed worthy and given aid.

The very important matter of good roads was discussed; this is a subject dear to the hearts of the trustees.

A mighty effort will be made by the trustees, backed by a strong public sentiment, to make the road of Newark township much better.

Ex-County Commissioner Joseph Orr was present and very generously offered to donate a large quantity of gravel to be used on the roads of the township. His fine donation was accepted by the trustees. Let others emulate his example.

# ADMIRALTY TELLS OF SUBS DESTROYED BY AIR CRAFT

(ASSOCIATED PRESS TELEGRAM)  
London, April 6.—Details concerning the destruction recently of ten German submarines by naval aircraft, eight by seaplanes and the others by dirigibles, has been obtained by the Associated Press from admiralty reports. The first case is described as follows:

"While on patrol in the English channel a seaplane sighted a submarine eight miles away, directly in the path of an oncoming convoy of merchant ships. The seaplane dived at 30 miles an hour. The submarine attempted to escape by submerging, but was just awash as the seaplane reached a bombing position and released two bombs, one of which exploded on the conning tower. The seaplane dropped two more bombs into the midst of the air bubbles from the collapsed submarine, which was of the largest type, carrying two guns."

The second case:  
"At dawn a seaplane sighted a large submarine on the surface with a member of the crew standing by the gun. The seaplane dropped a bomb on the tail of the U-boat and afterward photographed the sinking submarine with a big hole in its deck. A second bomb was dropped close to the submarine's bow and the U-boat collapsed."

The third case:  
"Two seaplanes attacked a large submarine traveling on the surface at 14 knots, with two men in the conning tower. A bomb was exploded close to the conning tower and the submarine began to sink astern first. A bomb from a second seaplane completed the work."

The fourth case:  
"Three patrol planes sighted a large submarine as it was submerging and dropped two bombs close to the conning tower, causing the submarine to turn turtle and disappear in a mass of oil and wreckage."

The fifth case:  
"A seaplane sighted two submarines close to the surface and dropped two bombs. One bomb was ineffective but the other hit the deck fairly amidships. The submarine was hidden by the smoke of the explosion and when the smoke cleared the U-boat was sinking with both ends in the air."

The sixth case:  
"A seaplane saw the track of a torpedo fired at a merchant man. It dived toward the surface and sighted the black shadow of the submarine, well below the surface. It dropped two bombs which both exploded close to the submarine, resulting in a large quantity of oil, bubbles and wreckage."

The seventh case:  
"Two seaplanes sighted a U-boat on the surface and dropped a bomb each. The first bomb caused a heavy list to the U-boat, which began to sink by the stern. The second bomb exploded in the center of the swirl, demolishing the U-boat."

The eighth case:  
"A seaplane dropped a bomb on a submarine just emerging and the U-boat disappeared with a heavy list to port. The pilot dropped a second bomb into the swirl and a few minutes later a patch of oil 150 feet long and 12 feet wide appeared on the surface."

The ninth case:  
"A naval airship at mid day sighted a suspicious patch of oil and circled it in an effort to ascertain the cause. Suddenly a periscope broke the surface in the midst of the oil. The airship dropped a bomb close to the periscope and a series of bubbles began appearing, indicating that the damaged submarine was moving slowly away under the water. Several more bombs were dropped in the path indicated until satisfactory evidence was obtained of the enemy's destruction."

The tenth case:  
"An airship dropped two bombs over a submarine which was engaged in attacking merchantmen. Great patches of oil and bubbles indicated severe damage and trawlers made this complete by depth charges."

# IS YOUR HAIR SLIPPING?

The presence of dandruff and falling hair conveys a warning which it is best to heed. At first the loss of hair may be so slight as to be hardly noticeable. But no matter how little it may be the fall each day, it is working toward the same and inevitable result, and that is total baldness.

You may have hair enough today, but how about tomorrow and the day after? Dandruff and falling hair mean baldness sooner or later and demand the immediate regular and energetic use of Newbro's Herpicide. It keeps the scalp free from dirt and dandruff and allows the hair to grow abundantly and naturally. By this means total incurable baldness may be prevented.

Herpicide does not stain or dye and has a most exquisite fragrance which makes it especially pleasing to the ladies. It stops itching almost instantly.

You may be told that there are remedies "just as good as Herpicide." You cannot afford to take chances with hair. You can expect to obtain results from "an off brand" article. Insist on having genuine Herpicide, the Original Germ-Remedy for Dandruff.

You can get a sample of this delightful hair dressing and a booklet on the care of the hair by sending ten cents in silver or postage to The Herpicide Co., Dept. S, Detroit, Mich. Try Herpicide once and you will never be without it.

Sold everywhere in 50 cent and \$1.00 sizes and guaranteed to give satisfaction or money refunded.

# BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that liver feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "luggish" and "heavy." Note how they "clear" the brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

# THIS IS AMERICA'S WAR

Don't make the mistake of thinking that America is in this war simply to fight the battles of the Allies or because the Allies begged for help.

This is as much AMERICA'S war as it is that of Belgium, of France, of Great Britain, of Italy or of any of the Allied countries.

America is fighting in self-defense to protect its territory and its property.

America has an ideal in the war and a glorious one. It also has a very definite aim to make the world safe, not only for democracy, but for America and for the children of Americans.

America is fighting WITH the Allies, not FOR them.

Remember the Kaiser's threats to Ambassador Gerard when the Hun lost his temper and shouted that he would stand no more nonsense from America and that she had better look out for herself.

Therefore, this being America's war, it is the duty of every true American to do everything in his power to support the President and the administration in their efforts to co-operate with the Allies in securing peace through victory and to safeguard the democracy of the world.

Your share in this great struggle is to buy LIBERTY BONDS and help provide the American government with the money that it needs now.

### A Successful Revival.

Rev. J. W. Atkinson of Marietta,  
was in the city a short while yester-  
day. Mr. Atkinson has just closed a  
remarkable series of meetings in the  
church of which he is pastor. One  
hundred persons decided for Christ,  
and on Easter morning he adminis-  
tered baptism to 35 persons and re-  
ceived 50 into church membership.  
Rev. Mr. Atkinson was pastor of  
Neal Avenue last year.

**Appointed Instructor.**  
Reginald G. Montague, who left  
Newark on March 12, has been ap-  
pointed third platoon instructor of  
evacuation hospital, No. 14, at Camp  
Greeneleaf, Georgia, in the subjects  
of anatomy, physiology, pharmacy, ma-  
terial medicine, nursing and hygiene.  
Mr. Montague enlisted and before  
leaving Newark was employed at the  
City Drug store.

**Holiness Prayer Meeting.**  
The holiness class and prayer  
meeting will be held at the home of  
Rev. W. H. Swartz, 99 Wing street,  
Sunday afternoon at 2:30. Every-  
body invited to come.

**Arrested on Theft Charge.**  
Frank Weakley living west of  
Newark was arrested Saturday  
morning on an affidavit filed by a  
barber charging him with taking  
\$26.50 from a local barber shop. He  
had been a former employe there.

**Mabel Gets Fined \$5.**  
Mabel Rice, who pleaded "not  
guilty" to an intoxication charge  
Friday morning, in police court had  
her hearing Friday afternoon and  
was fined \$5 and costs and sent to  
the county jail.

**The King's Herald.**  
The King's Herald of the First  
M. E. church will meet at the church,  
Sunday afternoon, April 7, at promp-  
tly 2 o'clock. They are asked to re-  
member that this is thank-offering  
week.

**Soldiers Service Medals.**  
Mrs. Robert Musselman, R. D. No.  
5, sends to the Advocate a contribu-  
tion for the soldiers-sailors' service  
medal fund. Within a few days an-  
other shipment of 200 medals will  
arrive and as soon as they can be  
engraved medals will be sent to the  
camps. The medal fund needs re-  
plenishing.

**Fire in Summer Kitchen.**  
An alarm from box 44 called the  
fire departments to the home of Mrs.  
Anna A. Wiley, 118 West Locust  
street, at 12:15 o'clock this after-  
noon, where the roof of the summer  
kitchen, in the rear of the house,  
had caught fire from a spark. The  
furnace in the house was cleaned this  
morning and a spark from the flue  
ignited the single-roof of the sum-  
mer kitchen. The damage was small.

**Returns From Washington.**  
E. S. Besuden, of the Jewett Car  
company, has returned from Wash-  
ington where he has been negotiating  
for munition contracts with the gov-  
ernment for the local plant. Up to  
the present no contracts have been  
closed, according to President W. S.  
Wright of the company, when asked  
concerning it today.

**Boy Scouts, Notice.**  
Boy Scouts, Troop 5, will meet at  
7 o'clock, Monday evening, April 8,  
at the Central Church of Christ. Im-  
portant meeting to arrange for lib-  
erty loan work.

### 300 LEPERS WHO DO NOT LIKE FOOD RUN AT LARGE

(ASSOCIATED PRESS TELEGRAM)  
Bogota, Columbia April 6.—Dis-  
satisfied with the food given them  
300 lepers, confined in the colony at  
Agua de Dios, near Bogota, escaped  
from their keepers recently and have  
scattered to various parts of the  
Santander district. The government  
authorities are using every means to  
find them and to keep them from  
reaching the sea coast.  
The lepers have been promised an  
increased food ration if they will re-  
turn. Two hundred of the lepers are  
said to have gone toward Bucar-  
amanga, near the Venezuelan bor-  
der, and the others in the direction  
of Zapotosa, northeast of Bogota.

**TO OBTAIN FAIR  
PRICE FOR FLOUR**  
(ASSOCIATED PRESS TELEGRAM)  
Washington, April 6.—Investiga-  
tion of flour milling and jobbing  
costs was completed today by the  
federal trade commission and a re-  
port was sent to President Wilson.  
The commission's figures will be used  
by the food administration as a basis  
for determining fair prices for flour.

### EMERGENCY COTS WERE DONATED BY LOCAL CHAPTER

The public will undoubtedly be  
glad to know that the two emer-  
gency cot outfits asked for several  
weeks ago were donated by a few  
generous friends and it was not ne-  
cessary to draw upon the treasury  
for them. The donors are as follows:

Mrs. Richard F. Collins—One com-  
plete outfit.  
Berean Bible class, Second Pres-  
byterian church, Mrs. Geo. Orr,  
teacher, \$10.00. This was expended  
as follows: One pair wool blankets  
\$7.50; one pair slippers \$1.75; one  
rubber sheet, 75c.

Miss Laura Jones—Two pillows.  
Mrs. Thomas Rutledge—One suit  
of pajamas, and two pairs of socks.  
A friend—Two towels and four  
wash cloths.

Mrs. Ella Pugh—Two sheets.  
Sharon Valley Auxiliary, Mrs. An-  
na Stock, chairman—One bed pan,  
one hot water bottle.

Mrs. John Dean—Three sheets, 1  
blanket, 4 pillow cases.

Miss Irene Jones—One cot.  
Eastern Stars, Mrs. F. A. Hillier,  
chairman—One urinal, three towels.  
The quota of property bags asked  
for by Licking county was 500, the  
number shipped was 857.

Three beautiful layettes have been  
donated for the refugees from the  
battle area, one by Mrs. Hugh Ew-  
ing, one by the Social Embroidery  
club of the East End of which Mrs.  
Harry Rainey is chairman, and the  
other by Mrs. J. W. Glenn and Mrs.  
Tenny Reese.

### WAR SAVINGS STAMPS

War Savings Stamp sales reached  
a new high mark in Licking county  
this week, the total for the week  
ending Thursday, April 4, being  
\$55,143. Last week the sales  
amounted to \$43,956. The sales for  
two weeks ending April 4 were \$99,-  
099, this period including the seven  
days of Arch Leedy week, represent-  
ing a sale of \$67,000 worth of War  
Savings Stamps. The total sales for  
Licking county to April 4 are \$347,-  
762 or \$5.62 per capita. The sales  
for the year 1918 must reach \$1,-  
236,180 or \$20 per capita if the  
people of the county buy the number  
of stamps the government has allot-  
ted to this county.

The Citizens Bank of Johnstown,  
C. L. McCracken, cashier, sold \$3,-  
902 W. S. S., the largest sale report-  
ed by any bank in Licking county  
this week.

Licking county banks the past  
week sold \$10,849 worth of War  
Savings Stamps, the Newark postof-  
fices (including other postoffices in  
this county except Granville) \$34,-  
654 and Granville \$3,640.

Rev. B. M. O'Boylan, who person-  
ally joined the Licking County \$1,-  
000 War Savings Society recently,  
telephoned the local committee last  
night that Parish Improvement  
League and the St. Francis de Sales  
school would both become members  
at once. The qualification for  
membership in this patriotic organi-  
zation is the purchase of 200 W. S.  
S., the April price of which is \$330.

George Penick sold another New-  
ark resident "the limit" Wednesday  
thus adding new laurels to his re-  
cord as a War Savings Stamp sales-  
man. Mr. Penick is a representative  
of the Metropolitan Life Insurance  
company.

More than 300 members of Iron  
Molders Union No. 152 voted yester-  
day afternoon to use one day's pay  
this week for the purchase of War  
Savings Stamps. A large number of  
the molders have been buying War  
Stamps since the early stages of the  
campaign but desiring to give the  
stamp sale a boost and to interest  
others in saving War Savings  
counts the molders at the Wehrlic  
foundry decided yesterday to enter  
the campaign with greater vigor. The  
molders invited a member of the  
Licking County War Savings com-  
mittee to attend one of their meet-  
ings a short time ago. Several hun-  
dred men were present. The proposi-  
tion was discussed in all its phases  
and the molders were convinced that  
the purchase of W. S. S. is not only  
a patriotic duty but the best "buy"  
on the market today. And the mold-  
ers are doing their share of the buy-  
ing.

New members of the Licking  
County One Thousand Dollar War  
Savings Society are: President  
Clark W. Chamberlain of Denison  
University, William H. Palmer, 565  
Granville street, J. E. Geiger of  
Hebron, Perry Keller, Hebron; Ber-  
tie Keller, Hebron; the Parish  
Improvement League of St. Francis  
de Sales Church, the pupils of St.  
Francis de Sales school and Jacob S.  
Loughman, 136 Hoover street.

The War Savings Committee has  
made request of Clerk of Courts Leo  
T. Davis, Treasurer W. H. Miles and  
Auditor Fred Wilson that witness  
fees be paid in thrift stamps and  
war certificates and the county clerk  
and auditor have been requested to  
prepare to properly make and record  
such payments.

There are 490 children enrolled in  
St. Francis de Sales school. Rev.  
B. M. O'Boylan had the records  
checked this morning and reports to  
the Licking County War Savings  
committee that 95 per cent of the  
pupils are buying War Savings  
Stamps. The school as a school has  
also joined the \$1,000 War Savings  
Society.

**PRESIDENT SIGNS BILL.**  
(ASSOCIATED PRESS TELEGRAM)  
Washington, April 6.—President  
Wilson today signed the bill creat-  
ing a government corporation with  
capital of \$500,000,000 and authority  
to issue \$3,000,000,000 in bonds for  
the assistance of essential war in-  
dustries.

### PATRIOTIC RALLY DATE DEFINITELY SET

Kirkersville, O., April 6.—Friday  
evening, April 19, at 8:30 o'clock,  
the schools will have prepared a  
real treat in the way of first hand  
information from the battle torn  
zones of the European maelstrom in  
the form of actual photographs pre-  
pared on stereoscopic slides. Rev.  
Geo. Bohon Schmitt of Newark will  
present with his outfit, and forceful  
explanation which will carry infor-  
mation that every true American

should be conversant with. In addi-  
tion to this part of the program  
there will be quite a variety of ap-  
propriate music and a few numbers  
from the different school children.  
Only admittance will be permitted  
those who purchase a thrift stamp at  
the doors. The stamp remains in  
the possession of the purchaser.  
There will be a party present who  
will explain the purchase of the  
thrift stamps from the double stand-  
point of duty and investment.  
The school auditorium will only  
hold 400 people in a crowd so it  
would be wise to take timely advice  
and be on hand at the time set.  
Harry Clark made a successful

run to Newark Thursday in his new  
Ford he lately purchased.  
The Pataskala Kirk Musical be-  
tween the High schools has been  
changed from Thursday and Friday  
nights, April 18 and 19 to Wednes-  
day and Thursday evenings of the  
same week in order to accomodate  
the thrift program.  
Mr. Edward Young of Columbus  
was in visiting Mr. and Mrs. W. H.  
Harris Thursday.  
The epidemic of three day meas-  
les has about worn itself out of the  
public schools. Only a few were  
missing the past few days.  
The sale of thrift stamps experi-  
enced an impetus today following

the appearance of the Bata Tau Sig-  
ma badges.

**GARBAGE WASTE HAS  
BEEN REDUCED 50 PER CENT**  
(ASSOCIATED PRESS TELEGRAM)  
Washington, April 6.—Food ad-  
ministration reports received today  
show that the collection of garbage  
in the large cities has been reduced  
since the campaign for elimination  
of waste was begun, and that there  
was 50 per cent less grease in that  
collection in February than in the  
garbage collected the corresponding  
month a year ago.

### "What Can I Do to Help Win the War?"

This question burns in every loyal heart. Here is the answer: Subscribe for the next Liberty Loan. Sell Bonds to your neighbors. Get the children of your town to buy Thrift Stamps. Save food. Write cheery letters to the boys at the front.

## Buy The Corsets That Give You The Greatest Corset Value

Ask yourself these questions before you buy your next corset:

- How smart is the style?
- How good are the materials?
- How well is it constructed?
- How comfortable is it?
- How much service will it give?

Then consider the price.

When these five questions are answered regarding a C-B & L A SPIRIT CORSET the price comes always as a distinct surprise.

And it is this test that has given the C-B the reputation in the trade of being "the greatest Corset value for the money."

Look over the C-B models at our Corset counter tonight.

### A SERMON SERIES ON THE LORD'S PRAYER.

For what do we pray when we pray the Lord's prayer? The meaning of the prayer will be set forth in a series of six Sunday evening sermons by the Rev. J. Emory Walter, pastor of the East Main Street Methodist church, beginning with next Sunday evening. The people are urged to hear every one of these sermons so as to preserve the connection and to get the fine benefit of the discussions. The topics and dates are as follows:

- April 7—"The Fatherland of God."
- April 14—"The Sacred Name."
- April 21—"The Kingdom of God."
- April 28—"Daily Bread."
- May 5—"Forgiving and Forgiven."
- May 12—"The Great Salvation."

**On Which Side?**  
The Worker—What are you doing?  
The Shirker—Helping to win the war.  
The Worker—For which side?—Flyleaf.

**Real Eloquence.**  
What is your ideal of an orator? A real, natural-born orator, answered Senator Sorghum, is a man who can put up such a good monologue that you forget to notice whether his arguments are any good. —Washington Star.

### 25 Years Ago

(From Advocate April 6, 1893.)  
Milton Smith, the popular E. & O. engineer, and wife returned from their wedding tour to Streator, Ill. last night, and will be at home to their friends at 325 East Main street. Judge Waldo Taylor went to Utica today.

Rollin Browne, who with his father, James M. Browne, has been spending a few months in the south, returned home today.

Miss Mary Ferneau, who has been visiting Mr. and Mrs. T. M. Edmiston, Church street, returned to her home in Bainbridge. She was accompanied by her sister, Mrs. T. M. Edmiston.

### 15 YEARS AGO.

(From Advocate April 6, 1903.)  
Miss Louise Beecher opened her kindergarten in the Central school building this morning.

On April 6 a neat little surprise was planned and carried out by a large number of friends of Milton Monroe, at the home of his daughter, Mrs. Fred Boner.

Ralph Davis fell and was painfully injured while running to a fire, Sunday evening.

Prof. E. P. Childs and family, who have been at Port Huron, O., during spring vacation, have returned home. J. Gleichauf has returned from Magnetic Springs, Delaware, where he received much benefit.

Don't judge a man by the creases in his trousers. They may bag at the knees even when his bank account increases.
